May 10, 2016

Dear Friend,

Doctors Hospital at Renaissance is pleased to announce the date for its 11th Annual “Fishing for Hope” Tournament! This year's fishing tournament will take place on Saturday, August 27, 2016 at Louie's Backyard on South Padre Island, Texas. All proceeds from the tournament will once again benefit the Hope Family Health Center of McAllen.

The Hope Family Health Center is a non-profit health clinic that sees over 2,800 patients per year. These patients do not have medical insurance or access to other health care services. The physicians and medical staff at the Hope Family Health Center generously volunteer their time, services, and resources to support the less fortunate members of our community.

Over the past ten years, Doctors Hospital at Renaissance has raised $1,725,000 for the Hope Family Health Center through the “Fishing for Hope” Tournament. In 2015, with the help of our generous sponsors and community members, we surpassed our tournament goal of $250,000 and were able to raise $275,000! The monies donated from “Fishing for Hope” have helped the clinic fulfill its mission to ensure that each person that enters their doors reaches maximum health and self-sufficiency.

We invite you to help make the 11th Annual “Fishing for Hope” Tournament a huge success! Enclosed is a tournament brochure and sponsorship packet for your consideration. We look forward to your response and participation.

If you have any questions, please call the Doctors Hospital at Renaissance Events Department at (956) 362-3140.

Doctors Hospital at Renaissance and The Hope Family Health Center would like to thank you in advance for your continued support and dedication to this worthy cause.

Sincerely,

Marissa Castañeda
Senior Executive VP, COO
Doctors Hospital at Renaissance

Robert Martinez, M.D.
Chief Medical Officer

Dear Friend of Hope Family Health Center,

Community Hope Projects Inc, DBA Hope Family Health Center (HOPE), is a 501 (c)(3) nonprofit organization in McAllen that has provided free medical and counseling care to uninsured families in our community since 1996. Our mission is to provide comprehensive medical services to families and individuals of the Rio Grande Valley who have no insurance and who do not qualify for Medicare, Medicaid, County Indigent or any other form of medical health coverage.

The men, women and children seen at HOPE are extremely low income, the majority falling 200% below or lower than the identified federal poverty levels. In 2015 the clinic held over 4,100 medical appointments and 1,000 counseling sessions. In the first quarter of 2016 we received close to 400 new applications for medical and counseling care. Most of the new medical patients have not seen a physician in many years and have advanced chronic illnesses.

HOPE does not and has never had a doctor on staff. Since our founding in 1996, medical providers, physicians, nurses, PA’s and phlebotomists have volunteered their services to the uninsured. We also do not charge our patients nor do we run on a ‘scale for service fee’; rather, patients are asked to leave a $5- $10 donation for medical or counseling visits. We ask patients to pay for third party services such as lab fees and x-rays, but the truth is that they financially cannot carry this burden. Therefore, HOPE assists in the payment of specialized care or medication.

I am proud to say eighty percent (80%) of the volunteers at the clinic and within the community are those from Doctors Hospital at Renaissance. Many of the doctors at Doctors Hospital at Renaissance cannot see our patients in house but see our patients in their facilities pro bono or at a very low cost.

DHR has been the largest local financial donor to date. The First Annual Fishing for Hope Tournament was held in 2006 and raised $75,000 and each year the fundraiser has grown. In ten years the Fishing for HOPE tournament has raised over $1,7 million to help the uninsured in our community.

We are extremely humbled by the passion Doctors Hospital at Renaissance has for the health of our Valley and for those most in need. DHR’s support of Hope Family Health Center directly impacts the health in our community one person at a time. We thank you greatly for partnering with us in our mission of HOPE.

Sincerely,

Rebecca E. Stocker, LCSW
